## A rare experience in beautiful living

Located directly on the ocean and surrounded by 22 acres of lush, tropical gardens, this unique haven boasts an ideal private sand beach, a 150 foot filtered swimming pool carved into the sea (the largest, by the way, in the Caribbean) and a favorite meeting place, the poolside bar. Superb water skiing, snorkeling and skin diving can be arranged. St. C's tennis courts and shuffleboard add to the fun. Excellent golf at nearby famous Fountain Valley 18 hole championship golf course is also available. Just 10 minutes from the bustling port of Christiansted where you can conveniently shop for imports from all over the world. (And continually be surprised at the low free port prices!) This is the one special place — where you'll find your every wish has been anticipated. Your every comfort has been planned for the most carefree vacation you've ever experienced. Here all rooms face the ocean and you may choose from many beautiful centrally air-conditioned rooms and suites. Accommodations feature charming Danish arch windows. The majority of the rooms offer delightful "swing" seats. Still others feature spacious balconies overlooking the surf. Here is where you'll find the finest West Indian, Continental and American cuisine in the Caribbean! (Not just a promise. A well known fact!) And here, at night, our dining terrace becomes a fairyland of twinkling lights; the exotic native rhythms softly blending with the sound of the surf. Yes, this is the kind of unique vacation spot St. Croix by the Sea really is. With all the romance of the world's faraway places now so close to home via direct jet flights, come and experience the promise of St. Croix by the Sea. (You'll never forget it. That's a promise.)

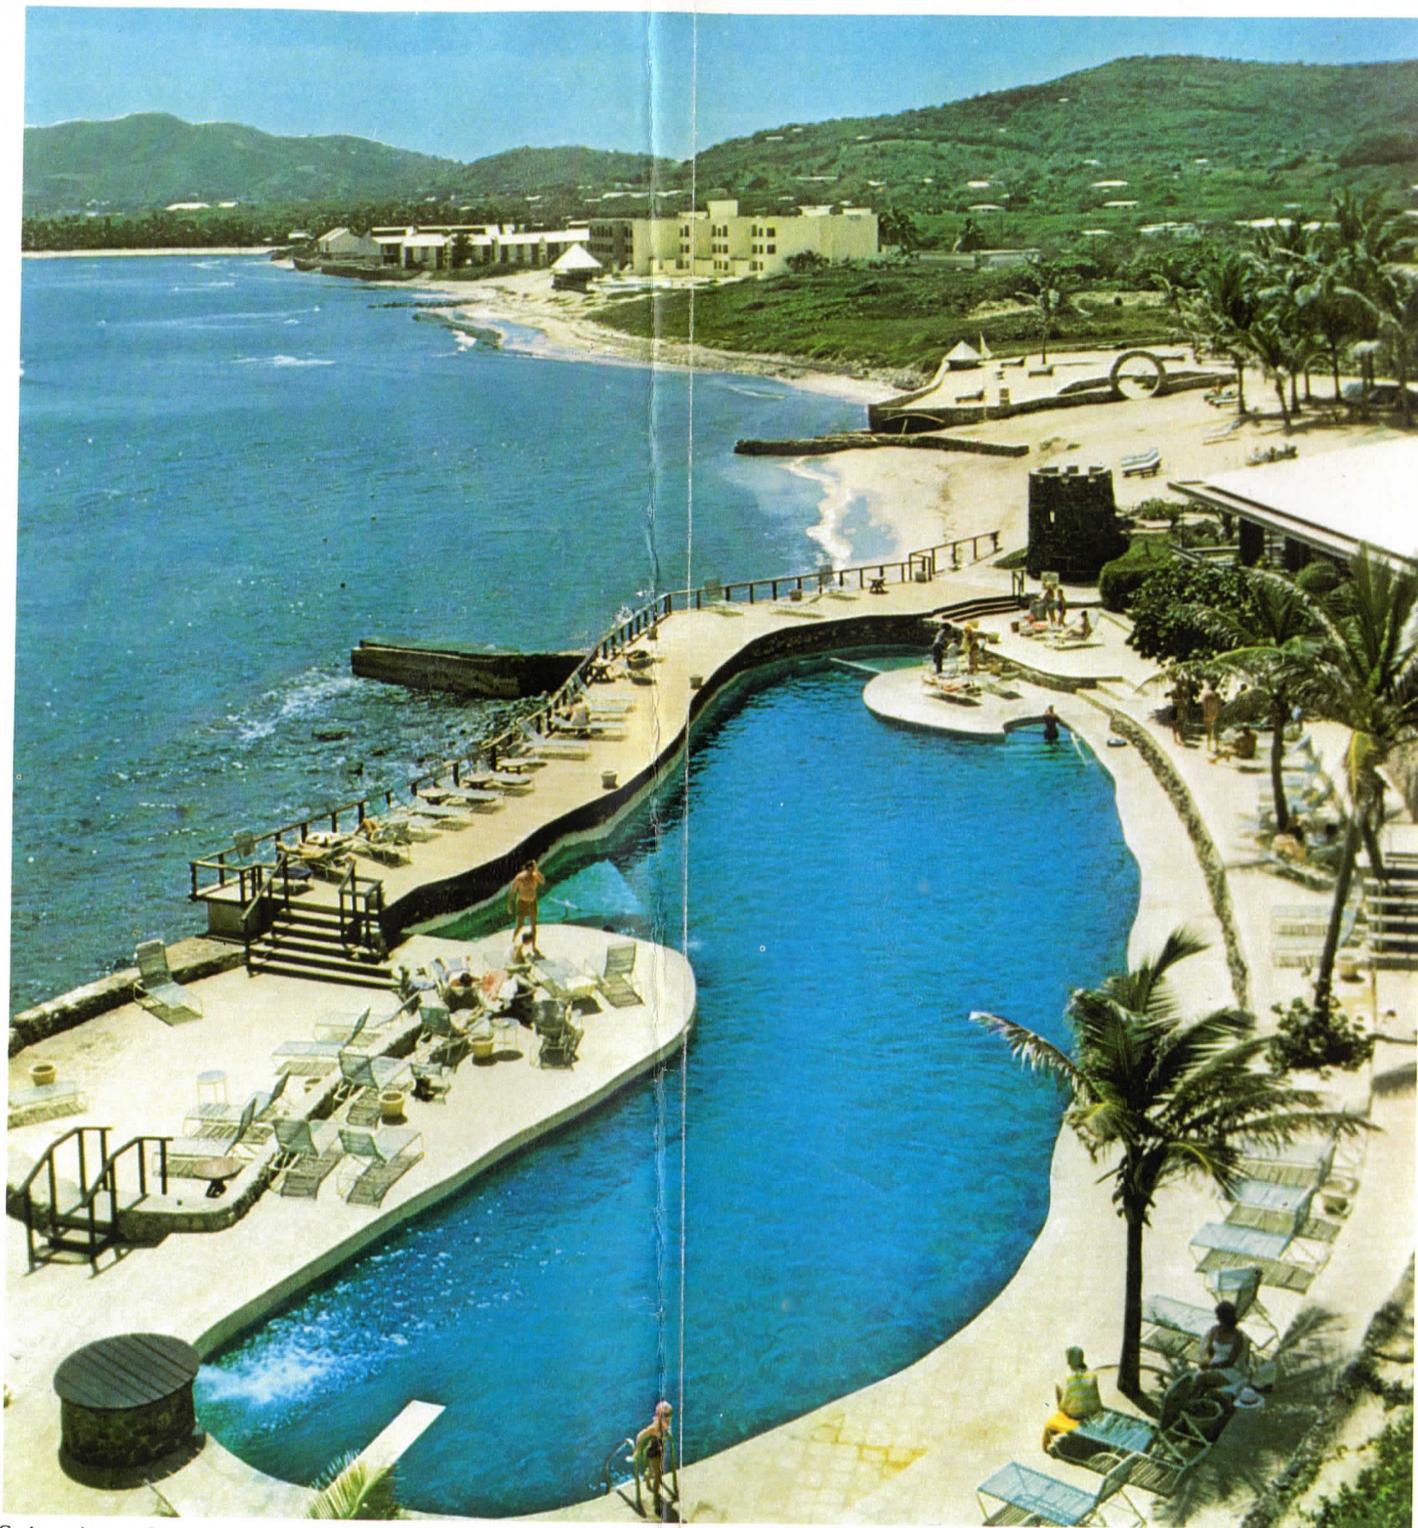

*The world of St. C seems to be about halfway between paradise and nowhere, but the colorful old Danish free port town of Christiansted is only ten minutes away for shopping flings. And a luxurious yacht can whisk you from our lovely harbor to nearby Buck Island for unforgettable snorkeling or skin diving along the National Park Underwater Trail. Venture beyond the Undersea Park for big game deepsea fishing. For golf, challenge Robert Trent Jones' Fountain Valley course. For tennis, try St. C's four new courts.*

*Strolling the broad white sand beach, watching the crystal clear water break is one of the most beautifully relaxing things you can do at St. C.*

*Our spectacular sunken barbecue pit in the middle of the dining pavilion serves guests epicurean choices several evenings during the week.*

Swim suits are the comfortable status symbol around St. C. And whether you dive into the fun or lie in the sun, you can see why this 150 foot long
